RECOMMENDATIONS:

- * always carry your European insurance card with you
- * if you have an emergency problem - go to "emergency", in other cases go to specialised ambulances according to the problem you have
- * contact your Buddy, or another friend from ESN (it is better to go with someone who speaks Slovak)
- * before going to the hospital, call the number given, make sure the doctor speaks English and try to make an appointment
- * in the text below, check the public transportation to the place of choice
- * ask for the price of the procedure or medicine at the hospital

WHICH SERVICES ARE FOR FREE AND WHEN DO YOU NEED TO PAY?

1. Private Medical Insurance

- Medical services which are fully covered depend on individual private insurance

2. EUROPEAN INSURANCE CARD

- MEDICAL SERVICES WHICH ARE FULLY COVERED ARE:

1)IN LIFE-THREATENING SITUATIONS

2)IN SITUATIONS OF INTOLERABLE PAIN

3)WHEN IT IS NOT POSSIBLE TO WAIT UNTIL THE RETURN TO YOUR HOME COUNTRY

- other medical services can be paid by the Erasmus student himself (it is highly recommended to keep all receipts and ask the insurance company to refund the payments upon return to their home country)

3. Medical insurance only in home country, without European Insurance Card nor Private medical insurance

- Erasmus students may be asked to pay all the medical services provided. Again, it is highly recommended to keep all receipts and ask the insurance company to refund the payments upon return to their home country
- for students from non-EU countries it is highly recommended to arrange Private Medical Insurance
